EDUCATION

Sri Eshwar College of Engineering	BE . Computer Science	CGPA : 7.4	2023-2027
Bharathi.Mat.Hr.Sec.School	HSC	82.5 %	2022-2023
Bharathi.Mat.Hr.Sec.School	SSLC	PASS	2022-2023

EXPERIENCE

MERN Stack Internship Sri Eshwar College of Engineering, in collaboration with Rampex Technologies – Jan 2025

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js with responsive user interfaces and RESTful APIs.
- Worked on frontend-backend integration, authentication, database management, debugging, and collaborative development using Git/GitHub.

PROJECTS

SnapNEarn

Built an AI-powered citizen-driven traffic violation reporting platform that detects offenses like no-helmet riding, signal jumping, and wrong-way driving from user-submitted media. Integrated MongoDB Atlas, IPFS, and blockchain for secure evidence storage and transparent reward distribution using React, Node.js, Solidity, and Python-based ML models.

XONET

Built an AI-powered freelance marketplace that intelligently connects clients and freelancers through smart task management, application workflows, and streamlined project collaboration. Implemented secure authentication, task creation and assignment, freelancer management, and responsive dashboard systems using Next.js, Node.js, MongoDB Atlas, and JWT-based authentication to simulate a modern scalable freelancing ecosystem.

Wisker[SpringBoot]

Built a task management web application using Java Spring Boot and React that enables users to create, update, and organize daily tasks efficiently. Developed RESTful APIs with MVC architecture and integrated MongoDB for seamless data storage and management.

SKILLS

Programming Languages: C++, Python, Java, JavaScript

Frameworks & Development: React.js, Next.js, Express.js, Spring Boot

Databases & Cloud: MySQL, MongoDB, Firebase, IPFS, AWS

Tools & Core Concepts: Docker, Kubernetes, Git/GitHub, Linux, Jenkins, Terraform, DSA, OOPs

ACHIEVEMENTS

VIT HackThrone 2025 – Secured a Top 10 position among 1500+ teams in Hackthron, a 24-hour hackathon organized by VIT Chennai, by advancing to the finale and developing an innovative project showcasing strong problem-solving, teamwork, and rapid prototyping skills.

KPR Hackathon 2025 – Won 1st Prize at a 24-hour Hackathon organized by KPR College, receiving an award and ₹15,000 cash prize for developing a high-impact, innovative solution demonstrating technical excellence and teamwork.

CERTIFICATIONS

<u>Certiifiied AWS Developer - Associate</u>	2026
<u>Completed Data Structures Using C & C++ from UDEMY</u>	2024
<u>Completed Bash Shell Scripting Bootcamp from UDEMY</u>	2025
